While the others passed through into the hallway of the apartment, Kath turned back toward the screen and touched a control on the compad. AJ1 of the views vanished except that of Leon, which expanded to fill the whole screen just as Thelma moved away out of the picture to leave him on his own. "We ought to commence evacuating the Kuan-yin," Kath said. "It looks as if it could be dangerous up there very soon." Celia sank back into her seat and closed her eyes with a nod and a sigh of relief. One of the figures in the darkness wanted to know how come somebody called Stanislaw knew how to fly something like this; Another voice replied that his father used to steal them from the government. added a soundtrack only where we've got conversation that'll ruin him." A man looms over them? tall, with a glossy black beard, wearing a green cap with the words. Bernard spread his hands resignedly. "Very well, I can see the sense in being prepared. But I can't see how it affects our planning here in Engineering, up in the ship." part misery and part fury, as she jabbed the lance hard at the coiled target. to me that our difficulties stand only to be exacerbated by a continued division of authority. Since responsibility cannot be delegated, I alone am answerable for all consequences of my decision." He paused to look around the room, and then took a long breath. "By the powers vested in me as Mission Director, I declare a state of emergency to exist. The procedures of Congress are hereby suspended for such time as the emergency situation should persist, and by this declaration I assume all powers heretofore vested in the offices of Congress, apart from those exceptions that I may see fit to make during the remainder of the emergency period." After a short pause he added in a less formal tone, "Ans I ask the cooperation of all of you in making that period as short as possible." Meeting Micky's eyes, Geneva read the love in them, and smiled, but then seemed to read something. "Just a friendly chat . . . about your government, how it's organized, who's in it . . . a few things like that. It won't take long at all." Kath's voice remained low but took on a note of urgency. "Make sure all of them are closed. Do it now." Bernard shook his head, mystified, and started asking questions again. "Just do it," Kath said, cutting him off. "There might not be much time." "I'm not sure," Kalens replied distantly. Trying to elucidate Stern's motives is akin to peeling an onion. But when you think it through, if there's no resistance, we win automatically, and if there is, then the Chironians will be forced to make the first moves, which gives us both a free hand to respond and a clear-cut justification that will satisfy our own people . . . which is doubly important with the elections coming up. So really you have to agree, John, the scheme does have considerable merit." hateful serpent had slipped under the collar of her T-shirt and along the small of her back. Jay sat at an empty booth while Colman collected two coffees from the counter, then inserted' his Army pay-card into a slot. In a lot of ways lay reminded Colman of himself when he was a lot younger. Colman had acquired his name from a professional couple who adopted him when he was eleven to provide company for their own son, Don, who was two years older. They hadn't wanted to disrupt their careers by having another child of their own. Colman's stepfather was a thermodynamics engineer involved with

heat exchangers in magnetohydrodynamics systems, which accounted for Colman's early interest in technology. Although the Colmans had done their best to treat both boys equally, Steve resented Don's basic schooling and was jealous when Don went to college to study engineering, even though he himself had then been too young to do the 'same. The rebelliousness that had contributed to Steve's being placed in the home for wayward adolescents from which he had been adopted reappeared, resulting in his giving the couple some hard times, which upon reflection he felt bad about. For some reason that Steve didn't understand, he felt that if he could help Jay realize his potential and use the opportunities he had, it would make up for all that. Why, he didn't know, because nothing he did now could make any difference to the Colmans, who were probably old and gray somewhere, but he felt he owed it to them. People's minds worked like that. Minds could be very strange..he will return to this house and repay his debt..Bernard frowned suddenly. "Yes, it is. And I didn't know about it." His concern intensified as the implications sank in.
