"What do you have there, the white thing under your made one gesture of her hand, downward to the earth..flex his aching wrists and work his lips that had been smashed against his teeth for hours. "The years he came forth and announced, in the words of the poem, "I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the. "I won't sail my boat across Havnor, dear love. I plan to go around it. By water." He could always make her laugh; he was the only one who could. When he was away, she was quiet-voiced and even-tempered, having learned the uselessness of impatience in the work that must be done. Sometimes she still scowled, sometimes she smiled, but she did not laugh. When she could, she went to the Grove alone, as she had always done. But in these years of the building of the House and the founding of the school, she could go there seldom, and even then she might take a couple of students to learn with her the ways through the forest and the patterns of the leaves; for she was the Patterner. She lived with Medra in his small house not far from the Net House, though she spent many days. "Ah, pick your nose, harp-picker," Labby said, and Tarry took offense, and people took sides, and none of that was new to Irian. She found a bald broom and swept out a bit. She unrolled her. A child ran bawling to its mammy. No one else was about. But Early turned his head, still with something of the eagles quick, stiff turn, staring. Wizard knows wizard, and he knew which house his prey was in. He walked to it and flung the door open..about Medra, since he went under many names, seldom if ever calling himself Otter any more..ascent. Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack. midair, whereupon some of the people stepped down onto the approaching branch of another. whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to. She got to work scraping down the inner wall of the house, readying it to plaster. But before the sun was in the windows, there was a knock at her open door. Outside was the man she had thought was a gardener, the Master Herbal, looking solid and stolid, like a brown ox, beside the gaunt, grim-faced old Namer. "He lived always on Roke, for it's there that all knowledge of magic comes and is kept. And he had no desire to travel and meet other kinds of people, or to see the world, saying he could summon all the world to come to him-which was true. Maybe that's where the danger of that art lies..shadows of the leaves..Throughout Earthsea, various springs, caves, hills, stones, and woods were and always had been. came up on the muddy bank, and then the man crouched there, shivering.. "I don't see why," she said. "My mother can cure a fever and ease a childbirth and find a lost ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it! Just because I learned how to play music from you, did I have to give up saying spells? I can bring a fever down now too. Why should you have to stop doing one thing so you can do the other? "In Havnor, years ago, I was in servitude. Those who freed me told me about a place where there are no masters, and the rule of Serriadh is remembered, and the arts are honored. I have been looking for that place, that island, seven years.. "Is she hurt?" the woman said. "Oh, the traitorous vermin!" She was stroking down the mare's right foreleg. Her hands came away covered with blood-streaked horse sweat. "There, there," she said. The brave girl, the brave heart." The mare put her head down and shivered all over with relief. "What did you keep her standing there in the middle of the dogs for?" the woman demanded furiously. She was kneeling at the horse's leg, looking up at Ivory who was looking down at her from horseback; yet he felt short, he felt small..disgusted by him. How could he frighten a creature already blind and beshatten with fear? He set a. he said, "You work very hard.. "Havnor openly. Men of arms didn't trust men of craft and didn't like to serve them. Well, it'll be a sight, come winter, to. placed them in it, then retied the thong.. "Get out!" she shouted. "Get away, you traitor, you foul lecher, or I'll cut the liver out of you!" She sprang up the bank, pulling herself up by the tough bunchgrass, and scrambled to her feet. No one was there. She stood afire, shaking with rage. She leapt back down the bank, found her clothes, and pulled them on, still swearing - "You coward wizard! You traitorous son of a bitch!". Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had. Looking for the bathroom, I accidentally found the bed; it was in a wall and fell in a. "My name's myself. True. But what's a name, then? It's what another calls me. If there was no other, only me, what would I want a name for?". When the city was in order again, and the ships had all come back, and the walls were being rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer little valley called Trimmer's Dell, the true name of which in the language of the Making was Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something. In the evening he lay down on the ground and talked to it. "You should have told me, I could have said goodbye," he said. He wept once, and his tears fell on the dry dirt among the grass-stems and made little spots of mud, little sticky spots.. "Some old women down by the docks. An old sorcerer. His sister.. ". The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavysset though thin, with a sullen, steady gaze.. "I swear that. . . ". since have been given to the masteries: finding, weather-working, changing, healing, summoning.. The ship's weatherworker came aboard just before they sailed, no Roke wizard but a weatherbeaten fellow in a worn sea-cloak. Ivory flourished his staff a little in greeting him. The sorcerer looked him up and down and said, "One man works weather on this ship. If it's not me, I'm off.. ". How the man had escaped him, Early did not know, but two things were certain: that he was a far more powerful mage than any Early had met, and that he would return to Roke as fast as he could, since that was the source and center of his power. There was no use trying to get there before him; he had the lead. But Early could follow the lead, and

if his own powers were not enough he would have with him a force no mage could withstand. Had not even Morred been nearly brought down, not by witchcraft, but merely by the strength of the armies the Enemy had turned against him? Maybe it was to escape the hunt that Medra came to Pendor, a long way west of the Inmost Sea, or maybe some rumor among the women of the Hand on Hosk sent him there. Pendor was a rich island, then, before the dragon Yevaud despoiled it. Wherever Medra had gone until then, he had found the lands like Havnor or worse, sunk in warfare, raids, and piracy, the fields full of weeds, the towns full of thieves. Maybe he thought, at first, that on Pendor he had found Morred's Isle, for the city was beautiful and peaceful and the people prosperous. "Thus." And Ard's long arms had stretched out and upward in the invocation of what Dulse would know later was a great spell of Transforming. Ard spoke the words of the spell awry, as teachers of wizardry must do lest the spell operate. Dulse knew the trick of hearing them aright and remembering them. At the end he repeated them in his mind in silence, sketching the strange, awkward gestures that were part of them. All at once his hand stopped..powerless..and face twitched, her teeth chattered. He held her close against him, trying to warm her..you." And when he had drunk his soup, and she was settled with her mending, he told it.. "Not in your father's house, Di".hmn. They know I love him.
